AIYANG AUTO PARTS & SERVICES YOU CAN COUNT ON

For more than 30 years, we have specialised in manufacturing premium filters, especially air filters for heavy duty vehicles and machines, including truck and bus, construction machinery, agriculture machinery, generator set, compressor etc, with more than 2,000 different filters in our range. Our aim is to provide filter solution to our customers, provide excellent service and establish ourselves in the world market.

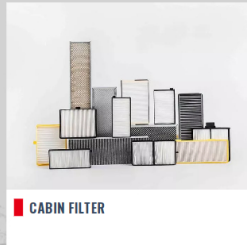

As one of the earliest filter manufacturers in China, we have accumulated rich experience in manufacturing and exporting filters to European, American, Asian and Middle East market. Our product line includes air filter, cabin filter, fuel filter, hydraulic filter and oil filter used in a wide application. And by complying with IATF 16969: 2016 certification and adopting delicacy management, we are able to produce high standard products that fully meet our customers' needs.
